Mark:

Good news.

You were a big hit and so was Nancy!

We are going to be a great team. I am so glad I am working with you again.

The meeting went very well today. I'm sure you will get the details from Tracie and Mike. This is going to be a great project! Talk with you next week.

Chris:

Thanks so much for your time and expertise yesterday.
It was a lovely tour. Being on the River will help us all do our job better!

Thanks for all of your incredibly good work for the Columbia River.

Mary Lou

Columbia River Kayak Tour - Sept

Workgroup Members:

Here is information on Tuesday morning's kayak tour. Please RSVP to me and Chris by COB tomorrow so we can plan logistics. I hope you can join us. ml

From Chris Hathaway: "Ridgefield is probably the best spot. It's close to town, easy to get on the water through Ridgefield Kayak Rentals, and it's a reasonable paddle (not too long or too short) down Lake River and into the Columbia where you can see the "interesting" sites of the Warrior Rock Lighthouse, St. Helens, and the mouth of the Lewis River. Driving into Ridgefield also illustrates some of the region's growth issues. Ongoing clean up work at the Port could be used to talk about past contamination issues and some of the clean up work in progress. In short - it's pretty easy and the paddle seems to have worked well for previous tours.

If there were more people interested in attending, we do have another option at our disposal now. We could utilize one of our new 34-foot canoes to take up to 10-15 people on the same trip. More logistics on terms of cars, etc. but would be a fun option, particularly if there were more people who would like to go."

Schedule:

8:00: Leave Portland from LCREP office
8:45: Arrive in Ridgefield
9:15: On the water
11:45 Off the water
12:00 Depart Ridgefield
12:45 Arrive back in Portland at LCREP office
